

**Minutes of Meeting of IASSAR SC-2**  
**Allerton Conference Center of the University of Illinois, August 26, 2002**

1. The meeting was called to order by Wen at 5 pm in Allerton Conference Center of University of Illinois. Members present were C. Bucher, Y.K. Lin, A. Naess (Vice Chair), W. Wedig, and Y. K. Wen (Chair).
2. The membership was reviewed. Rotation of members and names of candidates for new members were suggested to reinvigorate the committee. Wen and Naess will follow up on the list. Members are encouraged to suggested good candidates to Wen and Naess.
3. The discussion then turned to the committee state-of-art report. It was decided that the current excellent effort by Bucher, Proppe, Pradlwarter, and Schueller should be expanded and the report can be published as a special issue of collection of papers in a technical journal. Wen and Naess will explore this avenue further with likely journal editors and communicate with and seek input from the committee members in the near future.
4. The mission and goal of the committee was discussed. The consensus was that there is some overlap with other SC committees that need to be addressed. The committee goal needs to be reviewed and redefined.
5. Planning of possible sessions in future meetings was then discussed. The general feeling is that the committee needs to be more active in this respect. It is too late to put together sessions for ICASP03. The committee will concentrate on ICOSAR05 to contribute sessions or a mini-symposium.
6. The attention turned then to change of guard of the committee. After some discussion and fine-tuning of timing in view of the commitments of the people involved, it is agreed that Wen will step down from the chair and Naess will take over the rein by the end of 2002.
7. There being no other business, the meeting adjourned at 6:10 pm.

Y. K. Wen
